Monday Vehicle Day: What Scores

After reset, Monday is **Vehicle Day in Alliance Duel**.

One of the biggest mistakes players make is not understanding the difference between **opening a module box** and **using the module inside it**.

The Rule That Changes Everything

You score points for OPENING module boxes.

You do NOT score points for USING the modules inside them.

Opening a module box on Tuesday, Thursday, or another day means giving up the Monday points you could have earned from opening it.

The Jackpot: Orange Module Boxes

Orange Module Boxes are one of Monday's biggest scoring opportunities.

If you receive one during the week, resist the temptation to open it.

Save it for Monday.

What Scores on Monday

According to the State 775 guidance:

- Opening Module Boxes
- Orange Module Boxes
- Using Golden Wrenches
- Using Modification Blueprints
- Radar Tasks
- Killing Zombies
- Rallying Boomers

Prioritize Boomers

Boomers are worth significantly more than normal zombies according to the supplied guidance.

Hunt Boomers first and rally the larger ones with your alliance.

Everyone who joins the rally can score.

THE RULE THAT CHANGES EVERYTHING

You score points for **OPENING** module boxes.

You score nothing for **USING** what is inside.

ORANGE MODULE BOXES are the jackpot on Monday! If you get one during the week, keep it closed and save it for Monday.

BOOMERS ARE WORTH MORE!
Hunt them first and rally the big ones with your alliance. Everyone who joins scores!

How to Prepare for Monday

A strong Vehicle Day actually begins **before Monday**.

1. Save Your Golden Wrenches

Buy your available Golden Wrenches during the week, but **don't use them immediately**.

The State 775 guidance recommends collecting approximately:

10 from the VIP Store

5 from the Glory Shop

That's around **15 Golden Wrenches per week** based on the supplied guidance.

Keep them in your bag until Monday.

2. Save Every Module Box

Every Module Box you receive during the week should stay:

CLOSED

There's no cost to waiting.

Opening the box early means losing an opportunity to score from it on Monday.

This is especially important for:

Orange Module Boxes

3. Save Sunday's Radar Claims

On Sunday, save radar claims that can carry over.

Don't collect them early if you can let them land on Monday and contribute toward Vehicle Day.

4. Save Zombies & Boomers

Don't burn through all of your zombie and Boomer opportunities over the weekend.

Enter Monday prepared to use them when they can contribute toward your scoring.

Monday Preparation Rule

SAVE DURING THE WEEK. SPEND ON MONDAY.

Your Monday Scoring Routine

Once Monday arrives, don't immediately start spending everything you've saved.

Timing matters.

Step 1 — Check the Event Calendar

Open the **Event Calendar** at the top-right of the game.

Find the Full Preparedness window for:

Mod Vehicle Boost

Use the **Local Time** option so the calendar displays the event window in your own time zone.

Step 2 — Wait for the Correct Window

Inside the Mod Vehicle Boost window:

- Open your saved Module Boxes
- Spend your Golden Wrenches
- Use applicable vehicle items
- Hit the map

The strategy is to make the same actions contribute toward both:

Alliance Duel

and

Full Preparedness

This lets you get more value from resources you were already planning to use.

Step 3 — Claim Your Saved Radar Tasks

Now claim the radar tasks you carried over for Monday.

Step 4 — Rally Boomers

Coordinate Boomer rallies with your alliance.

Everyone who joins scores.

Step 5 — Save Orange Boxes Until Last

Don't necessarily open your Orange Module Boxes first.

Use your other saved resources and watch your progress toward the next reward box.

Then decide when an Orange Module Box is actually needed.

Monday Mistakes & Final Checklist

Four Mistakes to Avoid

❑ Opening Module Boxes Immediately

Getting a box doesn't mean you need to open it.

Save it for Monday.

❑ Thinking Using Modules Scores

Remember the distinction:

OPENING the box = points

USING the module = no Alliance Duel points from that action

❑ Spending Golden Wrenches on Random Days

If they can wait, save them for Monday.

❑ Opening Orange Module Boxes Outside Monday

Orange boxes are especially valuable for Vehicle Day.

Don't throw away that scoring opportunity by opening them early.
