

Hero Day Jackpot & What to Save

Thursday is **Hero Day**, and according to the State 775 guidance, this is where one of the biggest scoring opportunities of the entire week appears.

The Jackpot: Orange Equipment

Promoting Orange Hero Equipment is the jackpot.

The supplied guidance states:

“ One Orange Equipment promotion is worth more than 50 Orange Hero Fragments.

If you have Orange Equipment ready to promote, **don't promote it on another day.**

Hold it for Thursday.

This is one of the most valuable actions you can prepare ahead of time.

What to Save, Starting Now

Hero Day preparation should happen **all week**, not just Thursday morning.

Save Every Hero Fragment

Keep Hero Fragments of **every color**.

Don't spend them randomly throughout the week if you're preparing for Thursday.

Save Exclusive Equipment Fragments

Hold your Exclusive Equipment Fragments for Hero Day.

Save Power Cores

You'll need Power Cores for Orange Equipment promotion, so stockpile them instead of spending them as soon as you receive them.

Save Orange Skill Books

Hold your Orange Skill Books for Thursday and use them on heroes you're actually building.

Save Enhancement Alloys

Save your Enhancement Alloys for your Orange Equipment.

Above All — Save Promotable Orange Equipment

If an Orange Equipment piece is sitting ready to promote:

LEAVE IT THERE.

Don't give away Thursday's biggest scoring opportunity by promoting it early.
